

Choosing an ABA Therapy Center

Use This Checklist To Help You Evaluate Which ABA Therapy Center Will Be Best For Your Child

Things to Consider...	 Center #2Center #3		
Does the Center have a camera system AND a parent-viewing room (to watch therapy happening live)?	YES		
Does the Center include the following hiring requirements for its therapy technicians: 1) Criminal Background Check 2) Drug Screening 3) First Aid/CPR certification 4) focused full-time training period for technicians before they are approved to work with children	YES		
Does the Center use a “play-based” approach to learning new skills in a fun, inviting environment (that doesn’t force them to sit in a desk several hours per day)?	YES		
Does the Center’s daily therapy schedule include: A balance of focused, structured 1 on 1 ABA therapy AND structured group/social classes (such as art class and mock classrooms)?	YES		
Does the Center work with part-time AND full-time children ?	YES		
Will the Center be able to provide therapy to children up to 18 years old ?	YES		
Does the Center take regular field trips (e.g. to the park, aquarium, fire department, etc.) with parents, therapists and BCBAs?	YES		
Does the Center allow outside providers (such as speech and/or occupational therapists, etc.) to provide services on-site at its Center?	YES		
Does the Center have weekly parent meetings with the child’s BCBA Supervisor?	YES		

**continued on back side

Does the Center have an online progress report in real-time for parents, AND does it provide written end-of-day summary reports ?	YES		
Does the Center provide ongoing continuing education to its staff (ABA education, skill development, and identifying child-specific needs)?	YES		
Does the Center follow an emergency preparedness plan for staff and children and perform regular fire drills, safety drills, etc?	YES		
If your child has had a history of trauma, does the Center create a care plan that helps to prevent future trauma ?	YES		
To ensure all childrens' safety (and the potential for escalated behaviors), does the Center certify staff in QBS Safety Care Training?	YES		
Does the Center process insurance and billing at their local office (for faster approval turnaround times and timely answers to questions)?	YES		
Is the Center conveniently located , with easy access in a safe area?			
Is the company family-owned and operated ? AND backed by a proven, national care model and network?			

Success on the Spectrum provides ABA Therapy for children with Autism, coupled with parent training. We focus on helping children develop self-control, independence, and a positive self-concept in a fun, engaging environment. Our long-term objective is to teach functional skills and we celebrate every step of the way!
